- (17) **CHAMPIONSHIP DRAW:** The Championship Draw is a random draw done by the championship referee before league competition is completed. Where possible, however, teams from the same local league will be put in separate flights. The number of flights at a given level will depend on the number of teams eligible. A flight typically will have four teams and the referee may elect to add wildcard teams to balance out flights [see item (18)]. In the case of three flights, a wildcard will be drawn at random (from the numbers 1, 2, 3) by the referee on the final day of round-robin play to determine which flight's second place team will play in the semifinals. The wildcard team will play a team from another flight.

- (18) **WILDCARD PROCEDURE:** Wildcards will be chosen from a random draw based on the number of teams and positions by Area from the current spring season. The number of teams an Area has will be divided by the number of positions that Area qualifies for at the State Championships. This number will determine the total chances the Area will have in the random draw. An Area whose team is drawn for a Wildcard and used at a particular level will NOT BE ELIGIBLE to have a wildcard at the same level the following year unless there are not enough teams available to complete the draw. An Area whose team is named to replace a team that dropped out of the State Championship will remain eligible for a wildcard at that level the following year. Two-team levels will not be eligible for a wildcard.
