

# **AATL CHAMPIONSHIP PLAYOFF FEE PAYMENT POLICY**

Starting in 2010, the new AATL Championship Playoff fee payment policy is as follows:

Qualifying teams (Local League Winners) will submit, with a list of players from their roster not going to playoffs, a check made out to the AATL with a total that includes \$20 for each player going to playoffs. The AATL will pay the team fee, and hold this check until State Championships are over. If a team participates at state playoffs, the check will be destroyed or returned to the captain at their request. If a team backs out after the deadline, and another AATL team is unable/unwilling to take their place, the check will be deposited into the AATL account to cover the fees forfeited per State rules.

For Teams advancing directly to Championships without local league play:

The teams will pay their own championship registration fees. The local league team registration will consist of the Tennislink fee, and State head-tax only. The AATL head tax charged for teams playing in local leagues will not be included in this registration fee.

This policy will be documented in the AATL Rules, and apply to all State Championship events. Captains are encouraged to notify their players of this policy change, and set their own policy for collection of Championship Playoff fees from their players.

Please feel free to direct any questions you may have about this policy change to Eddie Estochen at [edesto@bellsouth.net](mailto:edesto@bellsouth.net).
